Mesa to Monuments Quilt Show FAQ

March 22 through March 23, 2019

Does my project have to be completely finished at the time of paperwork/photo submission?

No, a photo of the pre-completed project or even the pattern picture is acceptable, but please give as accurate a finished measurement as you can on the entry form.

Is there a size limit?

There is no maximum size limit for an entry; however, a very large quilt may need to be folded in some manner to fit the display.

What is meant by priority?

You are welcome to enter up to 4 quilts. However, if there is an abundance of entries, there may be a need to turn back some quilts. By prioritizing your quilts, we recognize which quilts you most want shown. Of note, if you enter a quilt in the block of the month, library challenge, or Quilts of Valor entry, these do not count against your limit of 4 entries.

Do I need a hanging pocket on the back of my entry?

No. We hang using clips.

Any particular label requirements for the back?

You must have a label with your name on it, and it must be secure. You may attach the label with safety pins to the back, if you like (straight pins might poke someone, so don't recommend those).

Do I need to put my quilt in a pillowcase?

No. We have found pillowcases to be cumbersome in the past to the pickup/dropoff process. We will make every effort to ensure items that come in contact with your quilt are clean.
