

April Block

Remember to sew all seams ¼ inch

Scrappy String blocks.

4 each 6 ½ X 6 ½ Squares of muslin.

Scraps and scrap strips. I used left over triangles and strips no wider than 2 inches.

Take one longer strip and place it diagonally to cover corner to corner, making sure it goes over the edges, face up on the muslin.

Place another strip face down on the first strip.

Sew down to muslin on right side.

Press and place the next scrap on the right side and sew it down.

Press again.

Repeat until whole square is covered.

Turn to square over and trim the square.

Repeat until you have all four muslin squares completed.

Sew together to make your 12 ½ square.
