

CHALLENGE QUILT

SSQ Magazine Quilt Challenge has been issued to all our talented members.

Reminder:

The challenge is to design and make a quilted project inspired by a magazine that is **NOT** a sewing or quilting magazine. It may be from a hunting, gardening, health fitness, womens magazine or your favorite topic.

- Here are the rules:
 - **At the October 9, 2019 meeting**, each participating member in this challenge has been given a blindly selected magazine.
 - The page was determined by you picking two numbers 0 through 9 when you received your magazine. You can then use those numbers to pick a page. For instance, if you get the numbers 3 and 9, you could make a quilt from something that inspires you on page 3, 9, 39, or 93 – so four choices to come up with something intriguing to wow our group.
 - The size will be limited to **200 inches for the perimeter**.
 - Make the quilted project related to something on the page you chose (or get stuck with) – i.e., a phrase, a picture, a color, let your imagination run wild!
- Submit the page from the magazine with your completed project and a short paragraph about how your project relates to the magazine page.
- **Final Date of Reveal:** February 2021 (that's a lot of time for all of us procrastinators!)
- *The Challenge for all who participate: There will be a dedicated section for the display of these projects at the 2021 Mesas to Monuments Quilt Show.*
